Dear Parent or Legal Guardian:

Senate Bill 1792 was passed by the Oklahoma Legislature and signed into law by Governor Henry to become effective July 1, 2006. The law requires students entering the ninth grade to complete the college preparatory/work ready curriculum as outlined in Senate Bill 1792, unless the student's parent or legal guardian approves the student to enroll in the core curriculum. The college preparatory/work ready curriculum and the core curriculum requirements are attached. Successful completion of either curriculum will result in a student receiving a standard diploma.

Choosing the courses a student takes in high school is an important decision for you and your child. With your input, courses chosen for a student's career pathway can give him or her a head start on career and education success. A college preparatory curriculum is challenging and may help determine a student's future success in higher education and the world of work. Students who take a college preparatory curriculum designed to prepare them for both college and career have more opportunities. In addition, high school students who enroll in a career pathway at a technology center and meet eligibility requirements have the opportunity to earn college credit while in high school. This opportunity has been made possible through a new Cooperative Alliance between the State Regents for Higher Education and the Oklahoma Department of Career Tech.

Please complete the information below and return it to the of your child's school counselor. **According to the law, if you do not select the core curriculum, your child will automatically be enrolled in the new college preparatory/work ready curriculum.** Please contact the school principal or counselor if you have questions or need information on local graduation requirements.

As a parent or legal guardian, I am selecting the following curriculum for my student:
