www.adacougars.net

We are pleased to announce that Ada City Schools is providing free, in-school Covid-19 screening to students, faculty and staff, as well as families and community partners. This program is funded by the CDC in collaboration with the Oklahoma State Department of Health.

Our goal is to maximize in-person learning days, shorten requested quarantines, and ultimately keep ADA kids safely in the classroom. Participation is encouraged, voluntary, and requires permission from a parent or guardian. With this grant, we hope to identify cases quickly and early, which can help us stop an outbreak before it happens.

Testing is available daily, by appointment. Please call 580-310-7200 and ask about COVID Testing. Permission forms will be available in-person at the time of testing or can be downloaded below.

Testing is optional and not required.

COMING SOON: Drive through clinics will be announced in January.
